ABOUT CHA SSP

The Connecticut Hospital Association Shared Services Program (CHA SSP) is a Group Purchasing Organization (GPO) committed to providing members with the best value and service in the industry. CHA SSP helps healthcare providers improve patient care, reduce operating costs, and strengthen financial viability through customized, flexible programs shaped to fit members' individual needs.

Whether you're looking for a primary GPO with national buying power and a complete end-to-end portfolio, or contracting assistance for local products and services, CHA SSP is the right choice. Together with its partners, MAGNET and MedAssets, CHA SSP offers flexible access to a range of competitive agreements and programs tailored to meet each individual member's needs. CHA SSP's unique blend of procurement expertise, national buying power, local industry knowledge, and commitment to service are unparalleled. It results in a member-driven organization that drives real savings and value to its members.

Each CHA SSP member receives a customized portfolio of committed and a la carte programs that deliver results in pharmacy, laboratory, medical/surgical supplies, food service, radiology, facilities management, and capital equipment. Members can also utilize CHA SSP's Professional Services portfolio to improve cash flow management, clinical program development, and compliance.

Members can target their participation to address a specific need or to cover the entire purchasing base - CHA SSP will develop the program that's right for each member. Membership is free; there are no fees or dues to participate.

The CHA Shared Services Program delivers value every day to members throughout New England, including hospitals, nursing homes, physician practices, and many other healthcare providers.
